2 Relating to industrial hemp; creating new provisions; amending ORS 475.005 and 561.144; and ap-
3 propriating money.

4 Whereas the Cannabis sativa plant used for the production of industrial hemp is separate and
5 distinct from forms of Cannabis used to produce marijuana; and

6 Whereas industrial hemp is used for products such as building materials, cloth, cordage, fiber,
7 food, floor coverings, fuel, industrial chemicals, paint, paper, particle board, plastics, seed meal, seed
8 oil and yarn; now, therefore,

9 **Be It Enacted by the People of the State of Oregon:**

SECTION 1. As used in sections 1 to 3 of this 2009 Act:

10
11 (1) **"Agricultural hemp seed" means Cannabis sativa seed that meets any labeling, quality
12 and other standards set by the Director of Agriculture and that is intended for sale or is sold
13 to, or purchased by, licensed growers for planting.**

14 (2) **"Crop" means any contiguous field of industrial hemp grown under a single license.**

15 (3) **"Grower" means a person, joint venture or cooperative that produces industrial hemp.**

16 (4) **"Handler" means a person, joint venture or cooperative that receives industrial hemp
17 for processing into commodities, products or agricultural hemp seed.**

18 (5) **"Industrial hemp":**

19 (a) **Means all nonseed parts and varieties of the Cannabis sativa plant, whether growing
20 or not, that contain a cropwide average tetrahydrocannabinol concentration that does not
21 exceed one percent on a dry weight basis.**

22 (b) **Means any Cannabis sativa seed that:**

23 (A) **Is part of a growing crop;**

24 (B) **Is retained by a grower for future planting; or**

25 (C) **Is for processing into, or use as, agricultural hemp seed.**

26 (c) **Does not mean industrial hemp commodities or products.**

27 **SECTION 2. (1) Industrial hemp production and possession, and commerce in industrial
28 hemp commodities and products, are authorized in this state. Industrial hemp is an agricul-
29 tural product that is subject to regulation by the State Department of Agriculture.**

30 (2) **All growers and handlers must have an industrial hemp license issued by the depart-**

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

1 ment. Growers and handlers engaged in the production of agricultural hemp seed must also
2 have a production permit described in subsection (6) of this section.

3 (3) Every grower or handler must keep records as required by department rule. Upon not
4 fewer than three days' notice, the department may subject the required records to inspection
5 or audit during normal business hours. The department may make an inspection or audit for
6 the purpose of ensuring compliance with:

7 (a) A provision of this section;

8 (b) Department rules;

9 (c) Industrial hemp license or agricultural hemp seed production permit requirements,
10 terms or conditions; or

11 (d) A final department order directed to the grower's or handler's industrial hemp oper-
12 ations or activities.

13 (4) In addition to any inspection conducted pursuant to ORS 561.275, the department may
14 inspect any industrial hemp crop during the crop's growth phase and take a representative
15 composite sample for field analysis. If a crop contains an average tetrahydrocannabinol
16 concentration exceeding one percent on a dry weight basis, the department may detain, seize
17 or embargo the crop as provided under ORS 561.605 to 561.620.

18 (5) Subject to department guidelines, a grower may retain seeds from each industrial
19 hemp crop to ensure a sufficient supply of seeds for that grower for the following year. A
20 grower retaining seeds for future planting does not need an agricultural hemp seed pro-
21 duction permit described in subsection (6) of this section. Seed retained by a grower may not
22 be sold or transferred and does not need to meet the department's agricultural hemp seed
23 standards.

24 (6) The department may issue agricultural hemp seed production permits to allow
25 growers and handlers to produce agricultural hemp seed. A seller of agricultural hemp seed
26 shall ensure that the seed complies with any standards set by the Director of Agriculture
27 under ORS 633.511 to 633.750. The department shall make available to growers information
28 that identifies sellers of agricultural hemp seed.

29 (7) The department may charge growers and handlers reasonable fees as determined by
30 the department. Moneys from fees charged under this subsection shall be deposited to the
31 Department of Agriculture Service Fund and are continuously appropriated to the depart-
32 ment for purposes of carrying out the duties of the department under this section and sec-
33 tion 3 of this 2009 Act.

34 **SECTION 3.** (1) In addition to any other liability or penalty provided by law, the State
35 Department of Agriculture may revoke or refuse to issue or renew an industrial hemp li-
36 cense or an agricultural hemp seed production permit and may impose a civil penalty for
37 violation of:

38 (a) A license or permit requirement;

39 (b) License or permit terms or conditions;

40 (c) Department rules relating to growing or handling industrial hemp; or

41 (d) A final order of the department that is specifically directed to the grower's or han-
42 dler's industrial hemp operations or activities.

43 (2) The department may not impose a civil penalty under this section that exceeds \$2,500.
44 The department shall impose civil penalties under this section in the manner provided by
45 ORS 183.745.

1 **(3) The department may revoke or refuse to issue or renew an industrial hemp license**
 2 **or an agricultural hemp seed production permit for violation of any rule of the department**
 3 **that pertains to agricultural operations or activities other than industrial hemp growing or**
 4 **handling.**

5 **(4) A revocation of, or refusal to issue or renew, an industrial hemp license or an agri-**
 6 **cultural hemp seed production permit is subject to ORS chapter 183.**
