GOVERNOR

OFFICE OF THE GOVERNOR

ADAM GREGG
LT GOVERNOR

May 13, 2019

The Honorable Paul Pate
Secretary of State of Iowa
State Capitol Building
LOCAL

Dear Mr. Secretary:

I hereby transmit Senate File 599, an act relating to hemp, including the regulation of hemp, providing for enforcement and the confiscation and destruction or disposal of certain property, providing for fees, including penalties, and providing implementation and effective date provisions.

I approve this Senate File to allow Iowa to begin the process of entering a new agricultural marketplace for hemp. But Iowans should be aware that this bill does not legalize the sale or manufacturing of *all* hemp-derived products, such as cannabidiol ("CBD"). The retail sale and manufacturing of hemp-derived products is still governed by federal law. While the Food and Drug Administration ("FDA") has approved some hemp-derived food ingredients for human and animal consumption, it has not approved CBD. The FDA has also declared that CBD is not a dietary supplement. State law cannot preempt the federal law, and Iowans engaging in the manufacture, sale, or purchase of hemp-derived products should carefully consider the legality of their actions under Iowa and federal law. And Iowans should be aware that nearly all of the provisions of this bill will not go into effect until the federal government approves our state hemp plan.

As federal regulatory bodies approve additional hemp-derived products and the hemp industry evolves, it is imperative that our state agencies and the Iowa legislature remain vigilant in evaluating the effects of this legislation and the need for additional changes to ensure that our laws protect the health and safety of all Iowans.

The above Senate File is hereby approved on this date.

Sincerely,

Kim Reynolds
Governor of Iowa

cc: Secretary of the Senate
Clerk of the House

an official test of a sample obtained from the licensed crop site pursuant to an inspection conducted under section 204.8.

b. It is conclusively presumed that a licensee acted with a culpable mental state greater than negligence, if the department obtains a sample of a crop produced on the licensee's crop site and the official test results of the sample conducted pursuant to section 204.8 indicate a maximum concentration of delta-9 tetrahydrocannabinol in excess of two percent on a dry weight basis.

c. If the department determines a licensee violated this chapter with a culpable mental state greater than negligence, the department shall immediately report the licensee's violation to the department of public safety, the county attorney, and the attorney general, who shall take action as the facts and circumstances warrant. The department shall also report the licensee to the United States attorney general to the extent required by the federal hemp law.

2. The department may establish a negligent violation program. The purpose of the program is to allow a participating licensee who has negligently violated a provision of this chapter as described in subsection 1 to comply with a corrective plan established by the department to correct each negligent violation, including by providing for all of the following:

a. A reasonable date, established by the department, for the licensee to correct each cause for the violation.

b. The filing of periodic reports to the department evidencing that the licensee is complying with the requirements of this chapter. The licensee shall submit a report to the department for at least two years from the date that the licensee first participated in the program.

c. Any other requirement established by the department.

3. A licensee shall not participate in the negligent violation program, if a test of a sample of plants that are part of a crop produced on the licensee's crop site exceeds a maximum concentration of two percent delta-9 tetrahydrocannabinol on a dry weight basis.

a. A civil penalty under section 204.12 for committing a violation of this chapter.

b.
